Re: The Center for Bio-Ethical Reform / Central Kitsap Fire and Rescue

Dear Mr. Gross:

Thank you for your response to our letter of June 9, 2009 to Commissioner Muhleman. We understand from our clients that you attended the July meeting of the Commission and addressed the viewpoint discrimination concerns raised by our letter. We also understand that the Commission agreed to revise its use policy for the multi-purpose rooms to ensure that unconstitutional discrimination does not occur in the future through improper restrictions on topics and viewpoints that may be discussed.

Once the Commission has finalized its new use policy, we ask that you forward a copy of it to us for our review. We would expect this revision to be completed promptly and will anticipate receiving a copy of the new policy, along with documentation showing that it has been formally adopted by September 30, 2009.

Very truly yours,
