2014 ANNUAL REPORT – U.S.

This issue of the CBR Communiqué contains our 2014 annual report, demonstrating the remarkable fruit coming from your support of The Center for Bio-Ethical Reform. We thank the Lord for all He has done through our partnership here in the United States. Space does not permit us to report the successes of our international CBR affiliates and associates, but we included one photo and will continue to share international news in future issues.

CBR's new Christian College Project was done by Liberty University students on Sept. 17, 2014. This was the second time Beth Fox and Eli McGowan educated their peers about abortion using a CBR sign. We must reach Christian college students, many of whom will go on to be pastors and lay leaders; we must better train pastors to lead the fight against abortion.

Weekly in Baltimore, Germantown, Berwyn Heights, Towson University and Rockville, MD. Also at Northern Virginia Metro stops; George Mason University in Fairfax, VA; Montgomery Community College in Rockville, MD; Washington, D.C.; and Old Town Alexandria, VA.

A traveling team of staff and volunteers from Canadian CBR joined our U.S. staff to conduct GAP at the University of Central Florida in Orlando on February 20-21, 2014. Volunteer Cara Ginter speaks with a student.

The CBR-Sweden truck traveled through Örebro, a university town of 140,000 people, on November 28, 2014. The residents of the 6th largest town in Sweden saw the abortion images along with the text message: “Abortion kills small people.” CBR-Sweden Director, Mats Selander, and the CBR-Sweden truck were so effective that the newspaper headline read “The fundamentalists occupy Örebro.” <http://bit.ly/1F0yAQI>. The television station also covered the CBR “occupation.” <http://bit.ly/1F0yJDF>

“ *I don't think I'll have an abortion now.* ”

Rio Hondo College Student who saw GAP in November 2014

Students ponder the April 1-2, 2014 GAP display at the University of Arizona. For most students, this is their first time to see abortion images; our assertion that abortion is genocide is worthy of consideration when the facts are visually evident.
